THE SHALOM FREE CLINIC

WHO ARE WE?

It was the dream of a few key people who thought they could do more for those with physical, mental, and spiritual health issues in our community. They decided that there had to be an alternative to help the sick and needy. As they gathered together others, their dream became a reality. This dream of hope has brought forth the creation of the Shalom Free Clinic.

The Shalom Free Clinic is co-sponsored by the Chico Havurah (a Jewish congregation) and the Congregational Church of Chico (a United Church of Christ congregation). We wish to help others in a vibrant atmosphere that conveys our attitude of warmth, acceptance and respect for all people.

The Clinic is entirely staffed by both medical and non-medical volunteers from Chico and throughout the surrounding communities.

Volunteers are our foundation and we cannot function without them. If you are you interested in making a difference in your community by donating your time, knowledge, money, or items to the Shalom Free Clinic, please read the section on **How to Volunteer**.
