

You can help support the Shalom Free Clinic with a tax-deductible donation.

The Clinic is entirely staffed by volunteers, both medical and non-medical, from Chico and the surrounding communities. Thus all donations are used for items necessary for the operation of the clinic.

If you wish to make a donation of these items or any other items that you think might be useful, please call Karen at (530) 518-8300 to arrange timing and transportation.
